## town tenders

Every year Greenwich Green & Clean recognizes individuals, businesses and civic groups for the care and attention they take in maintaining gardens, sidewalks and other areas visible to the public. Natasha and Dick Ford hosted this year's Beautification Awards ceremony in their backcountry home.

Among the winners were the Knollwood Garden Club for its work at the Seaside Garden at Greenwich Point; the Belle Haven Club, for outstanding landscaping; Dr. Vivy Dustin for her Dearfield Drive garden; and Maison Décor for being a "hidden delight." Kim Conte won the Director's Award for transforming a traffic island with flowers and shrubs, and RFR Realty was given the Special Achievement Award for its planters on Greenwich Avenue. →
