

ERLA is proud to be part of the project team that received municipal approval for this significant redevelopment parcel at 20 N Water Street in South Norwalk. It is a very exciting and vital project for the community. This five story mixed use location includes 107 units of residential, 17,500 square feet of commercial/retail space, 3200 square feet of restaurant space, with two roof terraces and a four level parking garage all wrapped around a new public plaza.
